RESTRICTION REQUIREMENT

This is in reply to the Office Action mailed March 7, 2006. It is timely filed on March 23, 2006.

Applicants elect, with traverse, Examiner's Group II, Claims 1, 2, 4, 5, and 7-24, "drawn to compositions comprising cationic fabric softeners". Further, applicants provisionally elect for prosecution the species of claim 2b): fatty ester quaternary ammonium compounds.

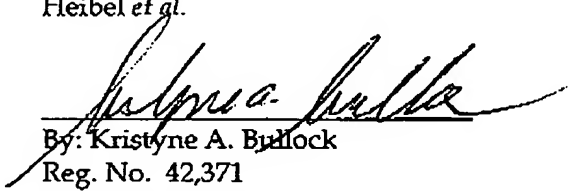

It is noted that the Examiner has indicated that claims 19-24 are drawn to compositions; however, these claims are drawn to methods.

The typographical error in claim 2 is noted. This and other minor errors, such as the period missing at the end of claim 1, can be attended to in response to the first substantive Office Action.

Respectfully submitted,

Heibel *et al.*
